Tell us about yourself:

Why do you want to foster a dog?

What other animals live with you? Please answer all the questions below.

Species	Name	Age	Fixed?	Animal Friendly?(if not please explain)
---------	------	-----	--------	---

Please list all members of the household that will be living with the foster animal:

Name	Relationship	Age
------	--------------	-----

How many hours a day will the animal be left alone? _____

Where will the animal be kept when no one is at home? _____

Where will the animal sleep at night? _____

Are you willing or able to attend our mobile pet adoption days at least twice a month, which are usually held on the first and third Sundays of the month and occasionally Saturdays? This means showing up and attending with your foster animal from 12 to 4 pm and then getting you foster animal back home. This is a great opportunity to introduce the animal to potential new homes.

Can you list a personal or veterinary reference?

Understanding that these are rescued animals coming straight out of the shelter, usually with no known history, it is hard to predict what their personality or training (i.e. house trained, barking, etc.) may be, please list any situations that you are *unable* to handle and also those that you feel competent to take on.

Have you had any experience handling a strong breed or a difficult animal on your own, currently or in the past? If so, do you feel that this experience could help you care for an animal that might need more attention? And if so, would you be interested in taking on a special-needs case,, as in an animal that is afraid, shy, needing basic training or an animal recovering from surgery?

Thank you so much for taking the time to fill out this form and for your interest in volunteering with RocketDog Rescue!!!
